DELHI WORLD FOUNDATION

The DELHI WORLD FOUNDATION Pedagogy System and Knowledge Initiative pioneered by a group of graduates from Delhi Public Schools who have since made a mark in the world, seek to take education to a higher level; an overall holistic, comprehensive and focused initiative to produce overall developed human beings. What we emphasize is the road we are taking to get there-perhaps the road less traveled; but a road which we hope is filled with adventure, with curiosity and wonder.

It is an ambitious, noble, productive experiment to enrich the world with unparalleled knowledge communication: combining the art of learning with access to the best global pedagogies. Excellence in education with a transparent commitment to equity for all, extreme technology combined with the human touch, and above all uniqueness of the teacher taught bond of the Delhi Public School experience, will hopefully set the Foundation apart in contemporary India. We are Former or Current Students, Parents, Teachers or Principals or Non Teaching Staff Member of Delhi Public School Society. We are part of the Dipsite World. We are entitled to be members of the Delhi World Foundation who have established a chain of Schools in India under the name Delhi World Public Schools.

Board Members

(Delhi World Foundation)

Mr. Salman Khurshid
(Life Trustee)

Mr. Montek Singh Ahluwalia
(Life Trustee)

Mrs. Louise Khurshid
(Life Trustee)

Dr. Punam Kashyap
(Director ERC)

DELHI WORLD PUBLIC SCHOOLS

Delhi World Public Schools are chain of Schools under the aegis of the Delhi World Foundation including luminaries like Salman Khurshid- Former External Affairs Minister, Government of India; Montek Singh Ahluwalia - Former Deputy Chairman, Planning Commission; Chintamani Rao - Former Vice Chairman, Times Broadcasting Company; CA. Rajiv Soni- President of the Dipsite Association; Dr, Rakshanda Jallil, Historian, Sharmila Tagore, Actor and several others.

This group spearheads a mission to achieve excellence through cutting edge learning tools combined with the human touch and the unique Guru-Shishya (Teacher - Pupil) bond, to integrate the best ideas in education taken from all good practices in India and around the World. For instance borrowing from the Nai Talim principles of Mahatma Gandhi whereby learning takes place by doing, where knowledge and activities are not separated from each other, and the virtuous character of the child is built to last life time.

Emphasis is laid on learning from the environment combining spiritual philosophies with different subjects in the curriculum. To achieve this blend, our student community is involved in peer tutoring to reach out to fellow students who may be less privileged than them; our teachers are provided opportunities for researching pedagogic systems, and for continuous training and learning.

In addition to excellent teaching and learning facilities each of the school of Delhi World Foundation is encouraged to offer a variety of creative fields. And just as every Delhi World Public School is special, every student of our school is nurtured and empowered to blossom in his or her own special way.

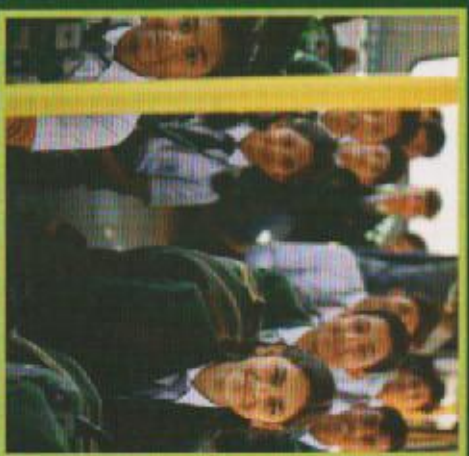

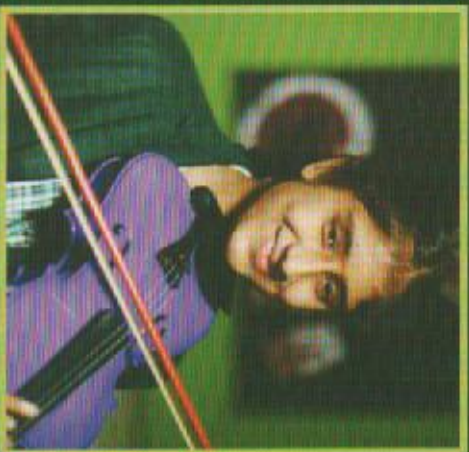

VISION

Delhi World Public Schools, are committed to provide state-of-the-art education incorporating Indian values and World culture, aiming to create global citizens as torch bearers of a dynamic and harmonious world.

MISSION

Delhi World Public Schools, aim to instill in each child a sense of inquisitiveness and exploration, and an urge for experimentation, observation and synthesis. We endeavor to free the learning process from the confines of the four walls of classrooms and take it further to activity workshops, resource centers, laboratories and library, teaching less for learning more. Every child is encouraged to inculcate the values of citizenry; a commitment to good health, high values and sensitivity to the environment. We strive to guide and support each child in their journey from primary to senior school and prepare them for the journey beyond school.

ENTER TO LEARN LEAVE TO SERVE

CHAIRPERSON'S THOUGHTS

Mr. Louise Khurshid
(Life Trustee)

Our Indian standard of education is excellent. Our students are amongst the best in the world. They score high on marks- to the extent of securing even 100% in English! But can we truly say that our children are well rounded? Not just masters of marks but also fluent in languages, communication and General Knowledge. Have they developed team spirit and qualities of leadership? Do they see beyond the confines of their school and home to recognize inequalities around? Can they hold their own in Public debates of Present themselves admirably in an interview?

There is so much of the past that was character forming which our school have discarded or forgotten in the pursuit of High Grades. Institutions like National Cadet Corps and Scouts and Guides; Institutions like the Social Service League; the Arts, Crafts, Culture and Philosophies of our country that our children are unfamiliar with. We are losing many aspects of our history which must be gathered with care before it is all scattered in the vicissitudes of time.

CHAIRPERSON'S MESSAGE

It gives me immense pleasure to welcome on board Delhi World Public School, Ashta ! I am sure the school will embody creativity and innovation and create new bench marks in the field of education. I wish the team every success for the future.

May the Almighty bless you in all your endeavors!

Director's Message

The aim of education is to enlighten one's mind so that one could have a broad mind as well as a broad outlook. Education presents the truth of life in a beautiful way for the well being of human race. The truth of life is imparted to students as the essence of knowledge. Children are made not only professionally perfect but also morally sound to follow the path of truth by which they not only overcome complicated problems but also morally sound to follow the path of truth by which they not only overcome complicated problems but also taste the nectar of success in life.

The real purpose of education is to create better human beings, aspiring to become better, must be greatest – motto of a student. It is equally important for the teachers to put their tireless efforts in right direction. To make a child intelligent is comparatively easy but to make him conscious about human values and moral ethics is rather difficult.

Originality and a feeling of one's own dignity are achieved only through hardwork. Hardwork has no substitute. Only those who work hard, succeed. A student can never come out with flying colours unless he or she has really worked hard throughout the year. Burning midnight-oil paves the path of success. It never passes into nothingness.

According to Albert Schweitzer

"If a person loves what he is doing, he will be successful."

Message from the Desk of Principal

Delhi World Public School, Ashta started in 2018-19, is a flagship School established under the aegis of Delhi World Foundation.

The School received a welcome response from the parents- not only of Ashta but of neighbouring areas in the very year of establishment.

Initially, we opened admissions for Nursery to Std VII in 2018-19. The admissions were granted on the basis of interaction with parents and children, as well as Aptitude Tests in certain classes.

As our motto says **"Enter to Learn and Leave to Serve"**, our constant efforts are to ignite the flame of inquisitiveness among our children and teach them to respect individual differences so that they can become curious by nature to remain life long learners and are always ready to serve the humanity.

We, in DWPS, Ashta, regard education as a three way process where teachers, taught and parents all join hands for the betterment of our Students and enable them to be balanced individuals who could have their distinct personality to be above the crowd.

Our School teaching methodology is child centered. Where teacher is a Mentor who helps students learn and evolve themselves. We emphasize on self and thorough learning and understanding, instead of cramming and rote memorization.

We have been fortunate to have a supportive and involved parent community, dedicated and highly skillful staff, excellent resources and wonderful students.

The overall development of students is our topmost priority and our dedicated team of teachers is committed to do so.

The Curriculum of Delhi World Foundation adheres to the CBSE Curriculum and is all set to implement the New Education Policy.

Explore the salient features of DWPS, Ashta:

- Aims to produce engaged, productive and contributing citizens for building an equitable, inclusive and plural society
- Recognizing, identifying and fostering the unique capabilities of each student.
- Holistic development of student.
- Emphasis` on conceptual understanding rather than rote learning and learning for exams only.
- Creativity and critical thinking to encourage logical decision-making and innovation.
- Life skills such as communication, cooperation, teamwork and resilience.
- Extensive use of technology in teaching and learning.
- For students of Grade 9 to 12 or the Secondary & Senior Secondary Stage, the school as per the NEP aims to bring in multidisciplinary study, greater critical thinking, flexibility.
- We prepare them for a life of service to become global citizens.
- Promote inclusive education by providing equal opportunities to all students.

Our guiding principles are as follows:

- a) Teaching and learning to shift away from rote methods.
- b) Curriculum is enriched enough to go beyond textbooks.
- c) Focus on Teach less and to learn more to inculcate self learning skills.
- d) Opportunities to be created to enhance the ability of children to link learned knowledge to life outside the School.
- e) Examinations to be more flexible and integrated with classroom life.
- f) Classroom experience is directed towards becoming good citizens with a sense of equality and compassion towards others.

WONDERLAND (Kids Zone)

Growing Up the DWPS, ASHTA's Way

Wonderland (Kids Zone)

Wonderland is an artistically painted, comfortable and convenient space for the kids, providing impetus in preparatory years before formal education.

The integrated and interdisciplinary learning system, along with engaging and hands-on activities, ensures that all our children are successful learners. The methodology ensures that learning is thought provoking and empowering since it is based on the latest theories, brain research and best practices in education.

Our unique curriculum is designed with the objective to make children addicted to learning! All activities & lesson plans are tailored to scientific brain based principals making learning a fun, creative, exploratory process resulting in the release of dopamine registering all concepts in the child's long term memory.

- Language And Literacy Development
- Cognitive Development
- Creative/Aesthetic Development
- Physical Development

We believe education is incomplete without teaching kindness and happiness and other such positive values. Parents prefer us because we teach their children how to be compassionate. We nurture goodness. We value happiness. We celebrate child's unique traits.

Playful Primary

Our Primary school program is created with the vision of enabling young learners to be educated in unique, creative and contemporary ways, making it the best.

Students at DWPS Ashta, are encouraged to adopt a scientific attitude and ask questions, build their imagination and express themselves freely and clearly. Our goal is to teach the young minds not only what to think but also how to think.

All our young learners are given well-designed opportunities and experiences that help them to develop a fine tune with literacy, numeracy, inter-personal skills and creativity.

The primary program also empowers young minds to build their personalities through self-discipline and self-confidence.

One size doesn't fit all, it is important to accommodate all individual learners, providing them opportunities to grow at their own pace and optimize their inherent potential.

Therefore, we at DWPS Ashta, delicately and intrinsically ensure that every child feels comfortable and valued at the Middle-level while enjoying learning.

Our curriculum strongly emphasizes on social, emotional, physical, creative and aesthetic development of a child.

In such well-planned educational system, opportunities are provided at every level to the students for the exercise of their reflective powers, artistic abilities and experiential learning.

Our educational philosophy revolves around 3 E's i.e. Experiment, Exploration and Experience which eventually lead to excellence.

Middle Wing

Secondary & Senior Secondary Wing

The Teaching methodology followed across this wing prepares learners to take the onus for their academic performance with teachers acting as facilitators in the truest sense of the term. We empower the child to be fluent in communication skills which match the world demand for proficiency in English while the choice of electives offered at the +2 level opens up multiple avenues for the students. The academic environment provided by DWPS, Ashta, is unparalleled precisely on the account of the small class size or the teacher-student ratio. Faculty being experts in their own subjects have an additional stamp of experience. Rather than the cut-throat competition and one-upmanship which marks top schools, the environment facilitates the sharing of knowledge and notes. A student eager to improve his/her grades has the option to approach the teachers at any time to clarify his/her doubts, in many cases peer-learning and mentoring is also encouraged.

Will tomorrow define your child?
Or
Will your child define tomorrow?

VISTAS

DWPS, Ashra has a world-class lush green campus spreaded over twelve acres with infallible system. 24-hours security of the campus is ensured through strategically located surveillance cameras & CCTV monitoring. The school campus has been aesthetically designed with multimedia library, computer lab, music room, science park, academic infrastructure and a variety of clubs and sports facilities, which is at Par with the international standards. The common projector room with a screen, computers, separate pools for juniors & seniors and indoor games like Chess and Carom board, and outdoor sports like basket ball, volleyball, football, Karate, etc., assist in the recreation based learning as well as contribute to the intellectual well-being.

Green School Concept

We are committed to instilling the concept of sustainability in our students and staff. Students explore the concept of solar cells and storage of energy via hands on experience in our labs also take up projects on recycling and waste management.

Campus

12 Acre, pollution free & noise free campus.

Building

Fully ventilated, sunlit, comfortable, safe & CCTV secured campus.

Class Rooms

Wi-Fi enabled Digital Class Rooms with eye catching convenient furniture.

Wellness Centre

Equipped with all first aid requirements and a trained Nurse to lend immediate treatment in case of any physical injury.

Lift

To facilitate differently abled or needy.

R.O. Water Plant with Water Cooler

To cater the need of pure & cool water

Generator

For uninterrupted functioning.

Facilities & Infrastructure

Transport Facility

Bus service is available for the scholars of our school. Our buses are GPS enabled, equipped with all the safety measures such as first aid, speed governor, CCTV Cameras and seat belts.

LABS

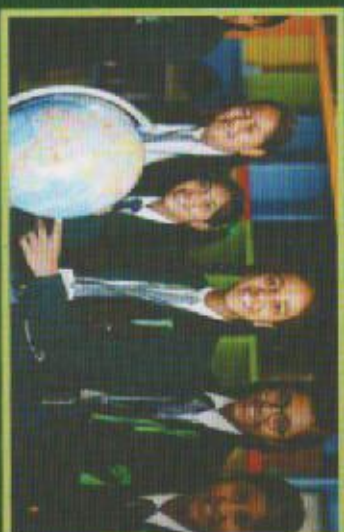

Innovative Hub (Computer Lab)

Well resourced with high speed central servers and the latest software (with adequate security & safety features). Every student has access to a terminal, to study the design, development and analysis in a variety of scientific & social context.

Eureka (Science Lab)

To inculcate a spirit of discovery to strengthen analytical approach among children we have fully equipped science lab with world class apparatus.

Flora & Fauna (Social Science Lab)

A work space for students to promote practical as well as theoretical learning with the help of equipment, apparatus, maps, globes, ethnic artefacts etc.

Calculus (Mathematics Lab)

To explore intrinsic mathematical concepts with the help of games, puzzles and other modern teaching aids.

LABS

Lingua Franca (Language Lab)

To develop the modern language through various methods and fun activities such as audio-visual, role plays, extempore, radio show & dramatization.

Ignited Minds (Library)

A calm & composed area to ignite the mind by providing food for thought.

Leaps & Bounce (Dance Room)

For letting the heart and body leap & bounce together, to learn varied dance forms, to express the mirth & joy.

Beats & Rhythm (Music)

Let the soothing sound of songs & instruments vibrate in the atmosphere and make mind free from all complexities for better concentration, learning and self-expression- equipped with classical and international instruments.

Crafterina (Art & Craft Room)

Enabling children to communicate their emotions and feelings without the use of words and make them explore a wide range of Art based on Indian traditions and culture.

SPORTS & GAMES

Sports & Games: Compulsory and integral part of a child's development, are given equal impetus. A huge Indoor Hall, standardized Swimming Pool and spacious play ground provide ample space and opportunity to the students and boost their strength, stamina & vitality. Team spirit, healthy competition, taking setbacks to one's stride are some of the attributes being inculcated in Delhi World Public School, Ashta.

Facilities:

Table Tennis	Cricket	Football	Yoga
Swimming	Basketball	Badminton	Aerobics
Chess	Volleyball	Martial Arts	Carrom
Athletics			

HOUSE SYSTEM

The four Houses named after the auspicious Rivers of India represent various attributes.

Brahmaputra	-	Knowledge
Kaveri	-	Courage
Narmada	-	Action
Yamuna	-	Truth

To inculcate the feelings of one 'family' and dissolve barriers of Junior-Senior classes, to establish Leadership quality, sense of responsibility and belongingness.
